Offered by Hope Clinic for Women

Hope Clinic for Women is a Non Profit, Faith Based, Resource Center in Fallbrook Ca.

We have educational brochures that deal with the subject of human relationships and sexuality and choices.

Many of these brochures are geared towards young adult or teenage audiences. We have formed a Teen Focus Group to **read** some of the brochures we have as resources and then **give us measurable feedback**. We might use the information gathered to adjust the brochure's format or distribution. We might share this data with other resource centers that work with teen clients.

All feedback gathered from the TEEN FOCUS GROUP shall remain anonymous.

The Teen Focus Group will read preselected brochures and then answer questions to gather feedback on the relevance, educational value and the inspirational worth of the brochure.

Because of the sensitive nature of the topics discussed in these brochures we require **parental approval before admitting teens into this focus group**. Parents are encouraged to ask us any questions and or to make an appointment to come to HCW on non-client days to view the brochures for themselves.
